

“This is the day which the LORD hath made; we will rejoice and be glad in it.” Psalms 118:24No2 KJV

In six millennia of research and learning, man, for all of his sophisticated technology, still cannot create or control time! Only God can make a twenty four hour day and only God can add to or subtract from the allotted time span of men’s lives. Jesus asked His disciples, *“Which of you by taking thought can add one cubit unto his stature?”* Man still struggles against disease and pestilence. MS still debilitates and AIDS still kills. The earth still rotates once in twenty four hours and it still takes a year to orbit the sun. What can man do about that? The answer is, *“Not one solitary thing!”* I’ll believe you’re smarter than God when you stop the sunrise! Jesus said, *“The very hairs of your head are all numbered.”* Not counted, but numbered. Each hair has a designated number and is accounted for and tracked; times how many billion heads? Men might be able to store the data, but I doubt seriously whether man could logistically accomplish numbering every single solitary hair. So, every morning you arise, stand and thank the God who made the new day! The day itself manifests and glorifies our Eternal omnipotent Sovereign, Jesus! The wicked delude themselves into believing that by denying God they can escape His wrath. *“Thou knowest my downsitting and mine uprising, Thou understandest my thought afar off. Thou compassest my path and my lying down, and art acquainted with all my ways. For there is not a word in my tongue, but, lo, O LORD, Thou knowest it altogether.”* Men wrestle with the impossible task of explaining a universe without a Creator. Everything with a design has a designer. Nature is no different. The human brain is so precise and intricate it cannot even be transplanted. If one tiny artery becomes blocked, the entire body is affected. Man cannot even create one leaf, yet God has created trillions. Evolution’s scientists have yet to tackle the question of how males and females evolved equally enough to produce offspring. They cannot produce one piece of physical evidence that proves a transition. O they draw pretty pictures, but they are entirely fiction. They write great books of “maybe” and “probably,” and call them science books, when by their own standards they are but fiction. They are willingly ignorant, *“Because that, when they knew God, they glorified him not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened. Professing themselves to be wise, they became fools, And changed the glory of the uncorruptible God into an image made like to corruptible man, and to birds, and fourfooted beasts, and creeping things.”* When you make nature your god, you cut your own throat. In India, thousands starve, but because cows are worshipped, thousands of them roam undisturbed among the dying. I recall some Israelites that worshipped a calf right under the cloud of God’s presence. Man will believe exactly what he wants to believe in spite of any concrete evidence to the contrary. You do it yourself when you make excuses for not doing something you should do because you simply do not want to do it. Ask yourself, *“Is that what I do with divine Truth?”*

The morning sun of each new day,
Proclaims the God, who’s here to stay,
No matter what the foolish say,
They’ll answer Him on Judgment Day! ~CGP

Instead of complaining about the rain, give thanks to the God from whence it came. Rise and rejoice every day in the faithfulness of the Omnipotence that orders the universe!

*“Thus saith the LORD the maker thereof, the LORD that formed it, to establish it; the LORD is His name; Call unto me, and I will answer thee, and show thee great and mighty things, which thou knowest not.”
Jeremiah 33:2-3 KJV*
