

"In all thy ways acknowledge Him, and He shall direct thy paths." Proverbs 3:6 KJV

We wonder sometimes, why God doesn't give us better understanding of His will for our lives. The lack of understanding is sometimes due to the fact that we don't study enough. Terminology is best understood by those who have paid attention in class. The pilot doesn't see the person in the tower, but the terms used in the instructions are familiar to him because he studied and practiced until they became second nature to him. He trusts the unseen voice, because it uses terms he knows. Classroom instruction and study have taught him

unseen air currents will lift him safely in the air. He can fly because he spent hours studying and flying with the instructor. He can trust the tower because they both use the same manual. If we spend time studying "to show ourselves approved," then perhaps God's will, won't be such a mystery to us. The guidance is there we're just not tuned to the Tower's frequency. God's Word is very specific. "Wherewithal shall a young man cleanse his way? By taking heed thereto according to Thy Word." We just need to study and follow. When practice becomes habit, then we will soar above the petty minds and limitations of men on the wings of faith borne upward with unseen power of God! The more we fly the more we will trust the Book. We will rejoice in the freedom of flight! We will not be earthbound by care and worry. We will be tuned to, and listening to, a different frequency altogether. If we try to do things our own way, and disregard the manual, we will tumble down to earth. The only way we can fly is "by the Book." Disregard of the laws of aerodynamics will end our flight abruptly with disastrous results! We have to trust the unseen Holy Spirit who directs us, because He wrote the Manual. If we heed His instructions, we will not fail. You do not fly without practice and study! "STUDY to show thyself approved unto God. Without faith it is impossible to please Him, for those who come to Him, must believe that He is and that He is a rewarder of them that DILIGENTLY seek Him." It doesn't just magically happen that one becomes a pilot. It takes diligent work and study, and many hours of flight with an instructor. When one learns the rules, he can then fly, "by the Book." Not all pilots are equally trained. Some have the ability to fly anything, while others are limited to their specific field of experience. We all have different fields of operation, but so we must all follow the same "operations manual." To make sure we stay coordinated, we must all pay heed to the "Tower" to avoid crashing into one another.

In all thy ways acknowledge Him,
Through Faith alone we enter in,
To doubt His Grace is mortal sin,
He guides our soul from place within. ~CGP

The "Tower" sees where everyone is, and knows of dangers we cannot see. Rest assured, if God's word says there's danger, it exists! Follow the flight plan assigned to you, obey the Tower, and you will arrive, safely!

"But they that wait upon the LORD shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint." Isaiah 40:31 KJV
