

*"This then is the message which we have heard of Him, and declare unto you, that **God Is Light**, and in Him is no darkness at all." 1 John 1:5No2 KJV*

There is nowhere in the universe light is not seen, except underground. This is an interesting parallel to Truth being kept out of the clay vessels of mankind. God is Light. God is Truth. God IS everywhere, but He is not IN everyone. In the beginning, God separated light from darkness. He will not quicken those who do not freely love and worship Him. The shimmering rainbow is a beautiful reminder of God and His promise. "I do set my bow in the cloud, and it shall be for a token of a covenant between me and the earth. And the bow shall be in the cloud; and I will look upon it, that I may remember the everlasting covenant between God and every living creature of all flesh that is upon the earth." The rainbow is created by the light beyond the storm. While the storm may obscure the light, the rainbow verifies its presence. Light is its own illumination. A single candle in a dungeon cell reveals all. Light destroys darkness by its presence alone. Darkness cannot quench the light. Light is self-revealing. God reveals Himself. The Water of God's Word is the prism of Truth needed to reveal the Beauty of God. As we study His Light through the prism of Truth, we are made aware of His infinite, beautifully blended Attributes. Like the rainbow, you can't determine where one ends and another begins. God's Power and Beauty are so infinitely varied and harmonious you need the prism of Truth to even distinguished them. "He is altogether Lovely." Without rain, there is no rainbow. Without God's Word, life is only dark clouds and tempest. Truth reveals the wondrous hues of the Omnipotent to the voyager who looks at the storm of life from the right perspective. You have to be in just the right position to the light to see a rainbow. The source of light is generally behind the viewer when the rainbow becomes apparent; displaying the unseen light. Truth reminds us God IS and will never depart. The greater the storm, the more beautiful the rainbow. The greater the trial, the more magnificent our Saviour! I have never seen a rainbow that was less than perfect. If you do what God commands and obey His Word, you will see His perfect Beauty in the Prism of Truth. When believers fellowship in Truth, they enjoy the Beauty unfolding before them. There may be only one rainbow, but thousands pause to admire its beauty!

God is The Light, Holy and bright,
God is the Truth, mighty and right,
God is the Way, the only path,
His Life will save us from His Wrath. -CGP

We can reproduce the colors of a rainbow just as we can fake spirituality, but we cannot hang a rainbow in the sky nor can they create or resurrect dead souls. That power and brilliance is reserved to the Almighty Sovereign of Life. Look in the right direction and the light reveals the rainbow in the storm. Looking the right direction in life and the Truth reveals the Saviour. Every rainbow reminds us; "I AM! There is none beside Me!"

"If we say that we have fellowship with Him, and walk in darkness (disobey), we lie, and DO not the Truth: But if we walk in the Light, as He is in the Light, we have fellowship one with another (God), and the Blood of Jesus Christ His Son cleanseth us from all sin." 1 John 1:6-7 KJV
